Re: SAVVIS, Inc. 911 Compliance Status Report
WC Docket No. 05-196

Dear Ms. Dortch:

SAVVIS, Inc. (SAVVIS) hereby submits the following Compliance Letter, in accordance with the rules adopted in the FCC's **First** Report and Order (the "VoIP 911 Order").

SAVVIS no longer provides VoIP services. When VoIP services were provided by SAVVIS, the services were provided only to enterprises and only through an enterprise's PBX. The service did not permit use of the VoIP service from any location other than the fixed location of the enterprise. Significantly, in **all** instances any 911 calls were automatically diverted by the customer at its PBX to a nonVoIP local telephone line. To the extent that SAVVIS provided interconnected voice service within the meaning section 9.3 of the FCC's regulations, that service did not receive any "voice communication initiated by an interconnected VOIP user dialing 911" (section 9.5(a)(2) because any such 911 call would be sent by the customer over the landline telephone system in the customary **manner**. Therefore, SAVVIS believes that its VoIP operations were fully compliant with FCC regulations.

Please direct any questions concerning this filing to the undersigned

Very truly yours,

Meredith Iodd
Vice President, Assistant General Counsel
& Assistant Secretary
